

TESTIMONI DAN REKOMENDASI

Sebagai bagian rencana renovasi rumah yang berlokasi di perumahan Admiralty Residence Blok A23, Jl. Fatmawati Raya Pondok Labu, kami bermaksud untuk membuat Lap Swimming Pool dengan ukuran 3 M X 10 M dan dengan kedalaman yang bervariasi dari 1 M sampai 2 M.

Untuk itu kami mencari jasa pembuat kolam renang melalui internet dan menemukan beberapa website perusahaan yang bergerak di bidang ini. Salah satu website yang menarik perhatian kami karena penyajiannya yang cukup professional adalah dari perusahaan Dimulti Pool. Ketika dihubungi, reponsenya yang ramah dan sangat attentive membuat kami segera mengatur pertemuan dengan staf dari Dimulti Pool.

Beberapa pertemuan awal berlangsung dengan baik, dimana Dimulti Pool sangat akomodatif menerima usulan dan dengan pengalamannya membantu memberikan saran untuk hasil design yang lebih baik, yang segera ditindaklanjuti dengan design perspektif dan technical drawings yang diperlukan. Selama pekerjaan berlangsung pada setiap langkah yang perlu Dimulti Pool selalu berkonsultasi dengan kami seperti pemilihan material dan peralatan mesin yang digunakan.

Pekerjaan ini bersifat "turnkey project" dimana selain penyelesaian fisik kolam Dimulti Pool juga bertanggung jawab sampai dengan penyerahan siap pakai, termasuk pengisian dan penjerihan air kolam.

Dapat kami sampaikan bahwa pekerjaan telah dilaksanakan dengan teratur, bebas dari penumpukan puing dan diselesaikan tepat waktu, dan dengan kualitas yang memuaskan.

Kami puas dengan hasil pekerjaan yang telah dilaksanakan dan dengan senang hati merekomendasikan Dimulti Pool untuk pekerjaan pembuatan Swimming Pool.

Semoga selalu sukses dalam usahanya.

TESTIMONY AND RECOMMENDATIONS

As part of the renovation plans of my house which is located in Admiralty Residence Block A23, Jl. Fatmawati Raya Pondok Labu, we intended to make the Lap Swimming Pool with 3 M x 10 M of dimension and various depths from 1 M to 2 M.

For that reason, we were looking for a pool contractor via the internet and found some websites of companies engaged in this field. One of the websites that attracted our attention due to its considerable professional presentation of the company is Dimulti Pool website. Then we contacted the office, and the response was quick, friendly, and very attentive. And it made us immediately decided to arrange a meeting with the staff of Dimulti Pool.

Some of the initial meeting went well. And Dimulti Pool was very accomodating in receiving our proposal, and with their experience, they helped us to give suggestions for a better design results, which immediately followed up with a design perspective and the necessary technical drawings. During the work in progress, Dimulti Pool was always discussing with us regarding to the selection of materials and equipment, and also machine.

Their work is "turnkey project", in which in addition to the physical completion, Dimulti Pool also be responsible until the pool handover and it's ready to use, including charging and clearing the pool water.

We can say that the work has been carried out in an orderly, tidily (free from debris) and completed on time, and with satisfactory quality.

We are satisfied with the results of the work that has been carried out and we strongly recommend to the work with Dimulti Pool in making your Swimming Pool.

Hope you'll always be successful in every efforts.

Rubian Harahap
